

## Index to Volume V

### A

Alexander, Franz: Current problems in psychosomatic medicine. 1  
Allergic patient, Depression and its treatment in the. Maury D. Sanger. 184  
Amitriptyline and perphenazine in severe psychiatric syndromes, Some experiences with a combination of. H. Angus Bowes. 44  
Amitriptyline in the treatment of gastrointestinal disorders. Seymour Diamond. 221  
Anorexia nervosa, Norman M. Wall. 157  
Anorexia nervosa, The clinical course of. Laurence Loeb. 345  
Antidepressant, a new, Protriptyline hydrochloride (triptil). Paul E. Feldman. 96  
Antidepressant agents, A comparative study of, in the treatment of gynecological symptoms. S. Foster Moore, Jr. 240  
Antidepressants, The choice of, in various types of depression. Edwin Dunlop. 107  
Anxiety and tension states, in the treatment of, a new psychotropic drug, Evaluation of tybamate. Samuel R. Splitter. 292  
Anxiety, stress and, Phenothiazines in the management of. Anthony Sainz. 167  
Anxiety, The use of psychotherapy with drugs in the treatment of. Karl Rickels. 111  
Anxious patient, Paleo-physiological mechanisms as a bridge of communication to the. Adolph D. Jonas. 48  
Aspirin hyperingestion. Richard D. Chessick. 190  
Asthmatic child, the disabled, Some observations on the problems of rehabilitation of. S. B. Crepea and C. P. Neumann. 301  
Ayd, Frank J.: Protracted administration of methylphenidate (ritalin). 180  
Ayd, Frank J., Jr.: Meprobamate: a decade of experience. 82

### B

Baumm, N. Craig; Taylor, William; Raab, Ernst; Rickels, Karl: Humanism in clinical research. 315  
Behavioral changes in the husbands of women treated with oral contraceptives. Monte Jay Meldman. 188  
Bender, David: Seven angry crocks. 225  
Berblinger, Klaus W.: Suicide as a message. 144  
Blain, Daniel: The psyche and the soma in good medicine and in good psychiatry. 69  
Bowes, H. Angus: Some experiences with a combination of amitriptyline and perphenazine in severe psychiatric syndromes. 44  
Bruch, Hilde: Psychological aspects of overeating and obesity. 269

### C

Cancerophobia and cancer, Management of the patient with. H. H. Garner. 147  
Chessick, Richard D.: Aspirin hyperingestion. 190  
Child psychiatry, Telemetry and; a psychosomatic approach. A. J. Giansacol and C. L. Yeager. 317  
Childlike behavior and thought while emerging from insulin coma; studies with hypnosis in schizophrenic patients. Joseph Joel Friedman. 102  
Choice of antidepressants in various types of depression, The. Edwin Dunlop. 107  
Cholesterol, The serum, "sign" test in depression. J. R. Whittier, C. Korenyi, L. Goldschmidt, and G. Haydu. 27

Clemmons, Roy S.; Freeman, Frank R.; Scott, Meredith L.; Schwab, John J.: Problems in psychosomatic diagnosis. 369  
Clinical course of anorexia nervosa, The. Laurence Loeb. 345  
Colitis, ulcerative, in children, Therapy of. Robert O. Pasnau. 137  
Coma, insulin, Childlike behavior and thought while emerging from. Joseph Joel Friedman. 102  
Communication to the anxious patient, Paleo-physiological mechanisms as a bridge of. Adolph D. Jonas. 48  
Comparative study of antidepressant agents in the treatment of gynecological symptoms, A. S. Foster Moore, Jr. 240  
Contraceptives, oral, Behavioral changes in the husbands of women treated with. Monte Jay Meldman. 188  
Coronary occlusion, Emotional factors in. H. Keith Fischer, Barney M. Dlin, William L. Winters, Samuel Hagner, George W. Russell, Edward Weiss. 280  
Crepea, S. B., Neumann, C. P.: Some observations on the problems of rehabilitation of the disabled asthmatic child. 301  
Crocks, Seven angry. David Bender. 225  
Current concepts of depression. Part V. Treatment of depression. Part VI. Electroconvulsive therapy. Part VII. Drug therapy. Wilfred Dorfman. 7  
Current problems in psychosomatic medicine. Franz Alexander. 1  
Current understanding of eating and dieting. Claude H. Miller. 119

### D

Daniels, Robert S. and Lessow, Herbert: Severe post-partum reactions; an interpersonal view. 21  
Deja vu, Dreams and. Jerome M. Schneck. 116  
Dental psychosomatic aspects of pediatrics. John H. Manhold. 358  
Depression and its treatment in the allergic patient. Maury D. Sanger. 184  
Depression, Current concepts of. Part V. Treatment of depression; Part VI. Electroconvulsive therapy; Part VII. Drug therapy. Wilfred Dorfman. 7  
Depression, The serum cholesterol "sign" test in. J. R. Whittier, C. Korenyi, L. Goldschmidt, and G. Haydu. 27  
Depression, treatment of, Three problems in the. Anthony Hordern. 341  
Depressive mood, A stabilizer of. Veronica M. Pennington. 355  
Dermatologic therapy, Hypnosis in. Michael J. Scott. 365  
Desmethylimipramine (pertofrane). A double blind study comparing imipramine (tofranil) with. Ian C. Wilson, John M. Gambill, Myron G. Sandifer, Jr., 88  
Determinants of variability in drug response. Samuel Irwin. 174  
Deutsch, Albert L. and Lippman, Abbott: Group psychotherapy for patients with psychosomatic illness. 14  
Diabetic children and their parents, Emotional problems of. Leonard J. Schiff. 362  
Diagnosis, psychosomatic, Problems in. John J. Schwab, Roy S. Clemmons, Frank R. Freeman, Meredith L. Scott. 369

Diamond, Seymour: Amitriptyline in the treatment of gastrointestinal disorders. 221  
 Dieting, eating and, Current understanding of. Claude H. Miller. 119  
 Dlin, Barney M.; Fischer, H. Keith; Winters, William L.; Hagner, Samuel; Russell, George W.; Weiss, Edward. Emotional factors in coronary occlusion. 280  
 Dorfman, Wilfred: Current concepts of depression. Part V. Treatment of depression; Part VI. Electroconvulsive therapy; Part VII. Drug therapy. 7  
 Dorfman, Wilfred: Some experiences in "total" treatment of patients with emotional illness. 351  
 Double blind study comparing imipramine (tofranil) with desmethylimipramine (pertofrane), A. Ian C. Wilson, John M. Gambill, Myron G. Sandifer, Jr., 88  
 Double blind study involving thirty emotionally disturbed children, A. Blaine E. McLaughlin. 40  
 Drazin, Morris L.: Psychological aspects of coronary heart disease. 230  
 Dreams and déjà vu. Jerome M. Schneck. 116  
 Dreams of food during sleep experiments. Chester M. Pierce, James L. Mathis, Boyd K. Lester, Olivia L. Nixon. 374  
 Drug response, variability in, Determinants of. Samuel Irwin. 174  
 Dunlop, Edwin: The choice of antidepressants in various types of depression. 107

## E

Eating and dieting, Current understanding of. Claude H. Miller. 119  
 Education, postgraduate general practitioner, in psychiatric subjects in Pennsylvania, Five years' experience in. Benjamin Schneider. 311  
 Embolism, Phantom. Berthold E. Schwarz. 52  
 Emergency psychiatric treatment as an alternative to hospitalization. Leon D. Hankoff. 245  
 Emotional disturbances, Postpartum. Harry H. Garner. 275  
 Emotional factors in coronary occlusion. Part II. Time patterns and factors related to onset. H. Keith Fischer, Barney M. Dlin, William L. Winters, Samuel Hagner, George W. Russell, Edward Weiss. 280  
 Emotional illness, Socio-cultural roots of. Marvin K. Opler. 55  
 Emotional problems of diabetic children and their parents. Leonard J. Schiff. 362  
 Emotional sequelae of minor closed head injury. Carl H. Fellner. 295  
 Emotionally disturbed children, A double blind study involving thirty. Blaine E. McLaughlin. 40  
 Emotional illness, patients with, Some experiences in "total" treatment of. Wilfred Dorfman. 351

## F

Feldman, Paul E.: Protriptyline hydrochloride (triptil)—a new antidepressant. 96  
 Fellner, Carl H.: Emotional sequelae of minor closed head injury. 295  
 Fischer, H. Keith; Dlin, Barney M.; Winters, William L.; Hagner, Samuel; Russell, George W.; Weiss, Edward: Emotional factors in coronary occlusion. 280  
 Five years' experience in postgraduate general practitioner education in psychiatric subjects in Pennsylvania. Benjamin Schneider. 311  
 Food, Dreams of, during sleep experiments. Chester M. Pierce, James L. Mathis, Boyd K. Lester, Olivia L. Nixon. 374

Freemon, Frank R.; Scott, Meredith L.; Schwab, John J.; Clemons, Roy S.: Problems in psychosomatic diagnosis. 369

Friedman, Joseph Joel: Childlike behavior and thought while emerging from insulin coma; studies with hypnosis in schizophrenic patients. 102

## G

Gambill, John M.; Sandifer, Myron G., Jr.; Wilson, Ian C.: A double blind study comparing imipramine (tofranil) with desmethylimipramine (pertofrane). 88  
 Garner, Harry H.: Postpartum emotional disturbances. 275  
 Garner, H. H.: Management of the patient with cancerophobia and cancer. 147  
 Gastrointestinal disorders, Amitriptyline in the treatment of. Seymour Diamond. 221  
 Giancaspol, A. J.; Yeager, C. L.: Telemetry and child psychiatry. 317  
 Glaskin, Allen; Shubin, Harry: The use of opipramol (ensidon) in patients with somatic disease and an emotional overlay. 305  
 Goldschmidt, L.; Haydu, G.; Whittier, J. R.; Korenyi, C.: The serum cholesterol "sign" test in depression. 27  
 Green, Sidney L.: The pediatrician and the maternal-infant relationship. 75  
 Group psychotherapy for patients with psychosomatic illness. Albert L. Deutsch and Abbott Lippman. 14  
 Gynecological symptoms, A comparative study of antidepressant agents in the treatment of. S. Foster Moore, Jr. 240

## H

Hagner, Samuel B.; Fischer, H. Keith; Dlin, Barney M.; Winters, William L.; Russell, George W.; Weiss, Edward: Emotional factors in coronary occlusion. 280  
 Hankoff, Leon D.: Emergency psychiatric treatment as an alternative to hospitalization. 245  
 Haydu, G.; Whittier, J. R.; Korenyi, C.; Goldschmidt, L.: The serum cholesterol "sign" test in depression. 27  
 Head injury, minor closed, Emotional sequelae of. Carl H. Fellner. 295  
 Heart disease, coronary, Psychological aspects of. Morris L. Drazin. 230  
 High dose treatment with psychotherapeutic drugs seen from the psychoanalytic viewpoint. Masahisa Nishizono. 34  
 Hordern, Anthony: Three problems in the treatment of depression. 341  
 Humanism in clinical research. Karl Rickels, N. Craig Baum, William Taylor, Ernst Raab. 315  
 Hyperingestion, Aspirin. Richard D. Chessick. 190  
 Hypnoanalysis, Hypnosis, superego, and. Jerome M. Schneck. 348  
 Hypnosis in dermatologic therapy. Michael J. Scott. 365  
 Hypnosis, superego, and hypnoanalysis. Jerome M. Schneck. 348  
 Hypothyroidism; a psychoendocrinological evaluation. Martha Schon. 203

## I

Imipramine (tofranil) with desmethylimipramine (pertofrane), A double blind study comparing. Ian C. Wilson, John M. Gambill, Myron G. Sandifer, Jr. 88  
 Irwin, Samuel: Determinants of variability in drug response. 174

## J

Jonas, Adolphe D.: Paleo-physiological mechanisms as a bridge of communication to the anxious patient. 48

## K

Korenyi, C.; Goldschmidt, L.; Haydu, G.; Whittier, J. R.: The serum cholesterol "sign" test in depression. 27

## L

Lessow, Herbert; Daniels, Robert S.: Severe post-partum reactions; an interpersonal view. 21

Lester, Boyd K.; Nixon, Olivia L.; Pierce, Chester M.; Mathis, James L.: Dreams of food during sleep experiments. 374

Miller, Claude H.: Current understanding of eating and dieting. 119

Moore, S. Foster, Jr.: A comparative study of anti-depressant agents in the treatment of gynecological symptoms. 240

## Mc

McLaughlin, Blaine E.: A double blind study involving thirty emotionally disturbed children. 40

## N

Nervosa, Anorexia. Norman M. Wall. 157

Nervous disorders, Problems in management of. Walter I. Tucker. 92

Neumann, C. P.: Crepea, S. B.: Some observations on the problems of rehabilitation of the disabled asthmatic child. 301

Nishizono, Masahisa: High dose treatment with psychotherapeutic drugs seen from the psychoanalytic viewpoint. 34

Nixon, Olivia L.; Pierce, Chester M.; Mathis, James L.; Lester, Boyd K.: Dreams of food during sleep experiments. 374

Non-psychiatrist, The role of, in psychosomatic medicine. M. Murray Peshkin. 335

## O

Obesity, overeating and, Psychological aspects of. Hilde Bruch. 289

Oken, Donald: "Tension," stress and self-control. 3

Opipramol (esidon), The use of, in patients with somatic disease and an emotional overlay. Harry Shubin and Allen Claskin. 305

Opler, Marvin K.: Socio-cultural roots of emotional illness. 55

Overeating and obesity, "Psychological aspects of. Hilde Bruch. 269

## P

Paleo-physiological mechanisms as a bridge of communication to the anxious patient. Adolphe D. Jonas. 48

Pasnau, Robert O.: Therapy of ulcerative colitis in children. 137

Pediatrician and the maternal-infant relationship, The. Sidney L. Green. 75

Pediatrics, Dental psychosomatic aspects of. John H. Manhold. 358

Pennington, Veronica M.: A stabilizer of depressive mood. 355

Perphenazine, amitriptyline and, Some experiences with a combination of, in severe psychiatric syndromes. H. Angus Bowes. 44

Peshkin, M. Murray: The role of the non-psychiatrist in psychosomatic medicine. 335

Phantom embolism. Berthold E. Schwarz. 52

Phenothiazines in the management of stress and anxiety. Anthony Sainz. 167

Pierce, Chester M.; Mathis, James L.; Lester, Boyd K.; Nixon, Olivia L.: Dreams of food during sleep experiments. 374

Postpartum emotional disturbances. Harry H. Garner. 275

Postpartum reactions, Severe; an interpersonal view. Robert S. Daniels and Herbert Lessow. 21

Problems in management of nervous disorders. Walter I. Tucker. 92

Problems in psychosomatic diagnosis; I. A controlled study of medical inpatients. John J. Schwab, Roy S. Clemmons, Frank R. Freeman, Meredith L. Scott. 369

Protracted administration of methylphenidate (ritalin) —Clinical and laboratory survey of fifty persons. Frank J. Ayd, Jr. 180

Protriptyline Hydrochloride (triptil)—a new anti-depressant. Paul E. Feldman. 96

Psyche and the soma in good medicine and in good psychiatry, The. Daniel Blain. 69

Psychiatric treatment, Emergency, as an alternative to hospitalization. Leon D. Hankoff. 245

Psychological aspects of coronary heart disease. Morris L. Drazin. 230

Psychological aspects of overeating and obesity. Hilde Bruch. 269

Psychological disturbances which interfere with the patient's cooperation. Bernard H. Shulman. 213

Psychosomatic illness, Group psychotherapy for patients with. Albert L. Deutsch and Abbott Lippman. 14

Psychosomatic medicine, Current problems in. Franz Alexander. 1

Psychotherapeutic drugs, High dose treatment with, seen from the psychoanalytic viewpoint. Masahisa Nishizono. 34

Psychotherapy, The use of, with drugs in the treatment of anxiety. Karl Rickels. 111

Psychotropic drug, A new: evaluation of tybamate in the treatment of anxiety and tension states. Samuel R. Splitter. 292

Psychotropic drug, a new, Role of, in somatic disorders. Willerd H. Spankus. 153

Psychotropic drugs, The: boon, dilemma, challenge. Leonard J. Schiff. 250

## R

Raab, Ernst; Rickels, Karl; Baumm, N. Craig; Taylor, William: Humanism in clinical research. 315  
Rickels, Karl; Baumm, N. Craig; Taylor, William; Raab, Ernst: Humanism in clinical research. 315  
Rickels, Karl: The use of psychotherapy with drugs in the treatment of anxiety. 111  
Role of a new psychotropic drug in somatic disorders. Willerd H. Spankus. 153  
Role of the non-psychiatrist in psychosomatic medicine. The. M. Murray Peshkin. 335  
Russell, George W.; Weiss, Edward; Fischer, H. Keith; Dlin, Barney M.; Winters, William; Hagner, Samuel B.: Emotional factors in coronary occlusion. 280
